

# PRESS RELEASE

September 2021

## 16th World Pultrusion Conference - CALL FOR PAPERS

The EPTA – European Pultrusion Technology Association organizes in cooperation with the ACMA – American Composites Manufacturers Association - the **16th World Pultrusion Conference on 03 – 04 March 2022** in Paris, France (as a “hybrid event”, this conference will also have the option of online access). The conference is one of the leading pultrusion events in the world. The event takes place just before the JEC World 2022 in Paris (08 – 10 March 2022).

The presentations are to document innovations in the following subject areas of pultruded reinforced plastics:

- Market development in Europe, USA, Asia
- Innovative applications
- New Markets: Ideas for potential new applications with pultruded shapes or systems
- Sustainability: Technical possibilities, recycling, etc.
- Raw materials
  - Development of fibres
  - Development of resins
- Construction / Testing / Calculation
- Processes

The presentation language will be English. Deadline for paper submission (title, short abstract, speaker name and address) until **15th October 2021** to

[info@pultruders.com](mailto:info@pultruders.com)

### **About EPTA**

The European Pultrusion Technology Association was created in 1989 by a group of leading European pultruders with the mission of supporting the growth of the pultrusion industry by maximising external communication efforts and encouraging knowledge sharing between members. Since 2006, the association has existed under the umbrella of the AVK – Federation of Reinforced Plastics in Frankfurt, Germany. Membership of EPTA is open to all companies and individuals worldwide wishing to further the application of pultruded profiles. For further information visit <http://www.pultruders.com>

### **About ACMA**

The American Composites Manufacturers Association (ACMA) is the world's largest composites industry trade group. We are manufacturers, material and equipment suppliers, distributors, academia and end users, dedicated to growing the composites market. We serve our members and the industry by promoting the competitive advantage and versatility of composite materials. ACMA offers composites industry educational resources through our CAMX show, conferences and Certified Composites Technician (CCT®) program. We develop standards and specifications that drive preference for the use of composites in place of traditional materials. We lead advocacy efforts via legislative and regulatory channels to achieve a more viable composites industry. Together, we are shaping the future of composites. Learn more at <http://www.acmanet.org>.
